STANDARD FORM 424 PAGE 2 (Rev. 4-77)

GENERAL INSTRUCTIONS

This is a multi-purpose standard form. First, it will be used by applicants as a required facesheet for pre-applications and applications submitted in accordance with OMB Circular A-102. Addresses of State Information Reception Agencies (SCIRA's) are provided by Treasury Department to each agency. This form replaces SF 240, which will no longer be used.
- B. OMB Circular A-95 compliance.* Federal agency will assure proper completion of Sections I, II, and III. This form is required for notifying all reviewing clearinghouses of major actions on all programs reviewed under A-95. Addresses of State and areawide clearinghouses are provided by OMB to each agency. Substantive differences between applicant's request and/or clearinghouse recommendations, and the project as finally awarded will be explained in A-95 notifications to clearinghouses.
- C. Special note.* In most, but not all States, the A-95 State clearinghouse and the (TC 1082) SCIRA are the same office. In such cases, the A-95 award notice to the State clearinghouse will fulfill the TC 1082 award notice requirement to the State SCIRA. Duplicate notification should be avoided.

PART III

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may not require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (*usually a year*) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4, Columns (a) and (b).

For applications pertaining to a *single* Federal grant program (*Federal Domestic Assistance Catalog number*) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to *multiple* programs where *none* of the programs *require* a breakdown by function or activity, enter the catalog program title on each line in Column (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g).

For *new applications*, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (*usually a year*).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by

the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in Columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes to existing grants*, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should *not* equal the sum of amounts in Columns (e) and (f).

Line 5—Show the totals for all columns used.

Section B. Schedule A—Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets were prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a-h—Show the estimated amount for each direct cost budget (*object class*) category for each column with program function or activity heading.

Line 6i—Show the totals of Lines 6a to 6h in each column.

Line 6j—Show the amount of indirect cost. Refer to Office of Management and Budget Circular No. A-87.

Line 6k—Enter the total of amounts of Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in Column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5. When additional sheets were prepared, the last two sentences apply only to the first page with summary totals.

Line 7—Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the Federal grantor agency in determining the total amount of the grant.

INSTRUCTIONS

APPLICATION FOR FEDERAL ASSISTANCE
(State and Local Nonconstruction Programs)**

*Form Approved
OMB No. 158-R0110*

General Instructions

Note: This application may be used to request financial assistance for either a grant or cooperative agreement. Where the term "grant" is used the term "cooperative agreement" may be used interchangeably.

In completing this form, **CAREFULLY READ AND FOLLOW ALL INSTRUCTIONS.** Many items are not self-explanatory. An incomplete or incorrectly completed application form may delay consideration of your application.

1. Use of this Application Form—This application form, with appropriate program narrative, is to be used for all EPA State and local grant programs except for (a) construction, land acquisition or land development projects and (b) single purpose one-time assistance requests of less than \$10,000 which do not require a clearinghouse review, an environmental impact statement, or relocation of persons, businesses or farms. This form shall be used also to request continuation or refunding, for approved grants originally submitted on this form.

2. Submission—All applications for State and local government grants (*excluding construction grants*) are to be addressed to the Grants Administration Branch of the appropriate EPA Regional Office. These programs are listed below by title as used in the Catalog of Federal Domestic Assistance:

Air Pollution Control Program Grants
Water Pollution Control Statewide Interstate Program Grants
Water Pollution Control Area-wide Waste Treatment Management Planning Grants
Water Pollution Control State Operator Training Grants
Air Pollution Control and Water Pollution Control Demonstration Grants
Environmental Protection Agency Consolidated Program Support Grants
State Public Water System Supervision Program Grants.

Submit the original and three copies of the forms. When a request is made for supplemental assistance, amendments or changes to an approved grant, submit only those pages which are appropriate.

3. Grant Regulations—Applicants are expected to understand and comply with all EPA grant regulations. These regulations are published in Title 40, Chapter 1, Subchapter B of the Code of Federal Regulations. A copy of these regulations is included in the application kit.

4. OMB Circular A-95—All coordination procedures set forth in Office of Management and Budget Circular A-95 must be accomplished, as appropriate, when submitting an application for assistance under an EPA State and Local Nonconstruction Program. The Catalog of Federal Domestic Assistance designates the coordination procedures for the specific EPA Programs.

5. Environmental Impact—The National Environmental Policy Act of 1969 requires that all agencies of the Federal Government prepare detailed environmental statements on any actions to be taken which significantly affect the quality of the human environment. EPA procedures for the preparation of such statements are set forth in part 6 of Title 40 of the Code of Federal Regulations (40 CFR 6, 1 et seq.); a copy of the Environmental Assessment outline is included in the appropriate application kits. As stated in the regulations, EPA will require an environmental assessment of certain projects that are to be supported by agency grants. Those projects which require such an assessment and the responsibilities of the applicant in supporting and contributing to the conduct of the assessment are set forth in the regulations. The environmental assessment will result in the preparation by EPA of an Environmental Impact Statement identifying and analyzing in detail the impact of the project on the quality of the environment or a "Negative Declaration" indicating that there will be no such impact.

6. Relocation Assistance and Real Property Acquisition—The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, P.L. 91-646, provides certain rights and benefits to

persons whose land is acquired or who are displaced as the result of a Federal or a federally assisted project. If the project of a State or local agency involves land acquisition or the displacement of any person from his home, business or farm, actions must be taken to assure compliance with the Act. Land must be acquired in accordance with the policies of Title III of the Act. Persons to be displaced must be provided decent, safe, sanitary and comparable housing. Procedures for complying with the Act are set forth in Part 4 of Title 40 of the Code of Federal Regulations (40 CFR 4.1 et seq.). No project subject to the Act can be assisted without the actions and assurances required by those regulations. Applicants whose projects involve the acquisition of land or the displacement of people should request a copy of 40 CFR 4.1 et seq. from the office to which this application is submitted.

7. Flood Insurance—The Flood Disaster Protection Act of 1973 (P.L. 93-234) requires grantees, as a condition of receiving any form of Federal assistance for acquisition or construction purposes (including real and nonexpendable personal property) in an identified special flood area, to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more. Special flood hazard areas are identified on Flood Hazard Boundary Maps and Flood Insurance Rate Maps issued by the Department of Housing and Urban Development. Communities have one year after notification of identification as a flood-prone community to enter the flood insurance program or no grant assistance may be awarded for property in the flood hazard area. Specific requirements pertaining to the flood insurance program and to the required grantee purchase of flood insurance are set forth in 40 CFR 30.405-10.

8. Completing the Application:

- a. This application consists of 5 parts: General Information, Signature and Certification on Part I, Project Approval Information on Part II, Budget Information on Part III, Project Narrative Statement on Part IV, and Assurances on Part V.
- b. All dollar amounts requested in this application should be rounded to the nearest dollar.
- c. Applicants currently receiving grant assistance from EPA who are applying for a continuation grant for an additional budget period within the project period need not complete an entirely new Project Narrative Statement. The narrative should detail only changes in the narrative statement applicable to the existing grant. The current grant should be identified by its EPA Identification Number and Title. Evaluation of performance under the current grant will be based on progress reports required by EPA Grant Regulations or grant agreement. Continuation applications for each budget period after the first will include, as a minimum, a report of estimated financial expenditures, a technical progress report and a statement of the objectives to be achieved during the next budget period. This information, along with any other reports which may have been required by the grant agreement, provides the basis for evaluation of progress and for a decision regarding continuation funding. Applications for amendments to existing grants may be submitted on the Short Form, EPA Form 5700-31.

9. Project—The term "project" as used in this application form refers to total undertaking which will be supported in part by grant funds requested in this application.

10. Pre-Application Assistance—EPA preapplication assistance may be obtained from the appropriate program office prior to application submission.
